

On Your Own Project - Health Insurance

Scenario: The day after your high school graduation, you have been forced to live on your own. This project is designed to give you experience and knowledge so that you will have familiarity for many of the responsibilities and costs that you will soon have to take care of. The more realistic you take this and the more effort you put into this, the better prepared you will be to face the important challenges of your financial future!

Health Insurance

Part I (Homework)-

1. Go to <http://www.ehealthinsurance.com/>
2. Type in your zip code and click "go"
3. Put in your basic information where it says "Applicant and then click "Go"
4. Choose a plan that you are interested in and click "Plan Details"
5. Print out the page it sent you to (It should be a page that says "Monthly Cost")
6. From that "Monthly Cost" page, click "Show All Plan Details"
7. Copy and paste all of the information on the "Show All Plan Details" page into a blank word processor file and print it out.
8. Circle or highlight all of the terms that we discussed in our "On Your Own - Health Insurance" Notes/Discussion
9. Staple the "Show All Plan Details" information to the back of your "Monthly Cost" page and have it ready to turn in for homework.
